REFERENCE LETTER

This letter confirms that Ruslan Kazonnyi worked at SPACE SCUTUM LLC, initially as a trainee under social program "IT Horizon", and later as a Junior React/Next.js Web Developer from December 2022 to September 2023.

In the midst of the ongoing military conflict and amidst a complex socio-economic situation in Ukraine, SPACE SCUTUM LLC has launched a social program "IT Horizon". This initiative aims to offer young Ukrainian IT professionals the opportunity to gain practical experience in cybersecurity and digital security solution development. There are more details about this program on SPACE SCUTUM LLC's LinkedIn page. Ruslan began with this program as a trainee and after a month, he has grown up to a position as a Junior React/Next.js Web Developer at the company.

During his tenure with our company, Ruslan proved himself to be a responsible and diligent employee. He consistently completed his tasks on time and with high quality, demonstrating a high level of professionalism.

Ruslan was an active participant in team meetings, showing initiative and offering constructive ideas to improve our projects. His eagerness to learn and adopt new technologies significantly contributed to the team's development and the enhancement of our products.

Ruslan worked effectively on his assigned tasks and actively engaged in discussions about the strategic directions of our projects. His analytical skills and critical thinking helped the team make informed decisions and avoid potential issues.

Furthermore, Ruslan always strived to improve his knowledge and qualifications, actively keeping up with the latest trends in web development and successfully applying cutting-edge technologies in his work.

We greatly value Ruslan's contributions to our projects and are confident that his professional qualities and desire for continuous development will make him a valuable asset to any company.

Sincerely,
Illya Kulbaba

Chief Executive Officer at SPACE SCUTUM LLC
